

## Education Report

### Chandler Matriculation H.S.S. Madurai celebrates WED 2014

With much enthusiasm and excitement the students of Chandler M.H.S.S. Madurai prepared them to gather information on climate change and decentralize it to the general public on W.E.D. celebration on the theme Raise your voice - Not the Sea level. The Principal welcomed and introduced the importance of World Environment Day celebration. Mrs. Jessie Jeyakaran, resource person, shared about the reason behind the theme. ie. Climate Change. By using posters she explained about the consequences of climate change in sea level rise and also its impacts on fauna and flora. As everyone is experiencing the impact of climate change they should understand the reasons behind it, result and what we do to mitigate or adapt climate change? Before claiming our own rights, each one must do his/her duty in protecting environment. In this particular aspect they should commit themselves to practice the 4 R's.- Refuse-Reduce-Reuse-Recycle. The role and importance of the animals in the eco system from tiger to the tiny ants were explained besides the endangered species like frog and monkey. Then the students explained the day's theme to the general public with the posters of Zoo Outreach Organization and C.P.R. Environmental Education Centre. Really the students raised their voices for combating climate change. **Submitted by: Mrs. Jessie Jeyakaran, Chennai.**
